Student Information for Non-degree Seeking Admission to Grad School:

To complete the application process, please submit an online application, which can be found on the website: http://www.gradschool.purdue.edu/indexFlash.cfm
(all the Purdue campuses use the same system for graduate applications, so the access is on the main campus web site)
For non degree seeking admissions to take courses from programs around the campus, please choose Graduate Continuing Studies as your Major. If you are planning to take classes in a particular degree program, please choose that degree program (EG Technology, Education, etc). If you are taking classes in areas for which we do not offer a graduate degree, choose Graduate Continuing Studies.

There is no application fee for the non-degree seeking applicant, and your application form will be brief. You will not need to submit a statement of purpose or recommendations for non-degree admission. **You will need** to provide a copy of your undergraduate transcript showing grant of your undergraduate degree. Official transcripts are welcome, but a copy is sufficient for non-degree admissions. The transcript for Graduate Continuing Studies should be directed to Graduate Studies Office, Lawshe 247, Purdue University Calumet, 2200 169th Street, Hammond, IN 46323. If you are taking classes in a degree program as a non-degree student, please direct your transcripts to that program.

Should you decided to apply for degree-seeking admissions, up to 12 hours of credit-bearing courses taken as a non-degree student may be used on a plan of study in a degree program (the courses must relate to the plan of study in the degree).
