Definition of an On-campus Student Housing Facility

For purposes of the *Clery Act* regulations (as well as *HEA* missing student notification and fire safety regulations which are discussed in Chapters 10 and 11–14, respectively), *"any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility."*

Under the *Clery Act*, an institution that has on-campus student housing facilities must separately disclose two sets of on-campus statistics:

- The total number of crimes that occurred on campus, *including* crimes that occurred in student housing facilities; and
- The number of crimes that occurred in on-campus student housing facilities as a subset of the total.

MERRILLVILLE CAMPUS	0	0	0

The Clery definition of **non-campus buildings or property** is:
"Any building or property owned or controlled by a student organization that is officially recognized by the institution; or Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution."

REPORTING AND AMENDING CRIME DATA

This page is dedicated to disclose data corrections that have been made in the Purdue Calumet University's 2010 statistics.

The U.S. Department of Education, Office of Post-Secondary Education requires that every institution participating in federal Title IV student financial assistance programs, must comply with the Higher Education Opportunity Act. In 1998, amendments renamed the Act *Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act.* Each year, Title IV institutions must disclose information related to:

- Specific crimes on campus
- Specific hate crimes on campus
- Referrals to Dean of Students Office for specific violations of policy violations
    - Liquor
    - Drugs
    - Weapons
- Information regarding fires and fire safety

Compliance is mandatory and each institution is required to accurately report and publish their campus crime and fire safety statistics accurately. When statistical errors are discovered, institutions are required to make the corrections to ensure accurate full disclosure.

Crime Data Corrections

Crime data for 2010 was recently changed on the Department of Education website and on the Purdue University Calumet website. The Department of Education was notified immediately notified once the data error was discovered and corrected data has since been reported. The data changes are:

- Aggravated Assault (2010): This report indicates that there were three (3) aggravated Assaults in Residential Housing facilities. The data should read that there were two (2) Aggravated Assaults in Residential Housing and one (1) Aggravated Assault elsewhere on campus. Corrections have been made on the 2012 – 2013 Your Campus Your Safety report that will be posted. The data shown for the Main campus was correct in that there were three (3) Aggravated Assaults on campus property.

- Liquor Law Violation Arrest (2010): This report indicates that there was one (1) Liquor Law Violation Arrest in Student Housing facilities. The data should have read that in 2010, there was zero (0) Liquor Law Arrest in Student Housing facilities and one (1) on Main Campus property.
